

PLANAR TRACKING ASSIGNMENT 1+2

Download the project files from wayka.dk

ASSIGNMENT 1 - OBJECT REPLACEMENT TRACKING

Use mocha to track the license plate on the car in the video "Object track - License Plate.f4v"

Export your "corner pin" tracking data to After Effects.

Add the new license plate "LicensePlate.png" to the car.

ASSIGNMENT 2 - BACKGROUND TRACKING

Use mocha to track the background in the video copilot file "VC Background Tracking.f4v".

Export your "AE transform data" tracking data to a NULL object in After Effects.

"Copy anchor point data to the position data, and uncheck scale and anchor point."

Now insert the dancing baby (set it to 10 fps) in the comp.
